About Us

Founded in 2023 by visionary entrepreneur Ronak Vasoya, Dreamworld Enterprise has rapidly emerged as a trusted manufacturer and exporter of premium interior hardware under our flagship brand, Rosco. Based in the thriving industrial hub of Gujarat, India, we specialize in designing and engineering high-quality architectural fittings crafted predominantly from premium-grade Aluminium and Zinc.

Operating out of two advanced factory units, Rosco combines modern manufacturing technology with meticulous craftsmanship. Our commitment to durability, contemporary design, and precision engineering has allowed us to successfully expand our footprint internationally, proudly serving growing markets in Nepal and Bangladesh. Whether catering to residential or commercial spaces, Rosco stands for reliability, elegance, and structural integrity.

Our Vision

To become a globally recognized leader in the interior hardware industry by consistently setting new benchmarks in design innovation, product longevity, and sustainable manufacturing, making "Rosco" synonymous with premium spaces worldwide.

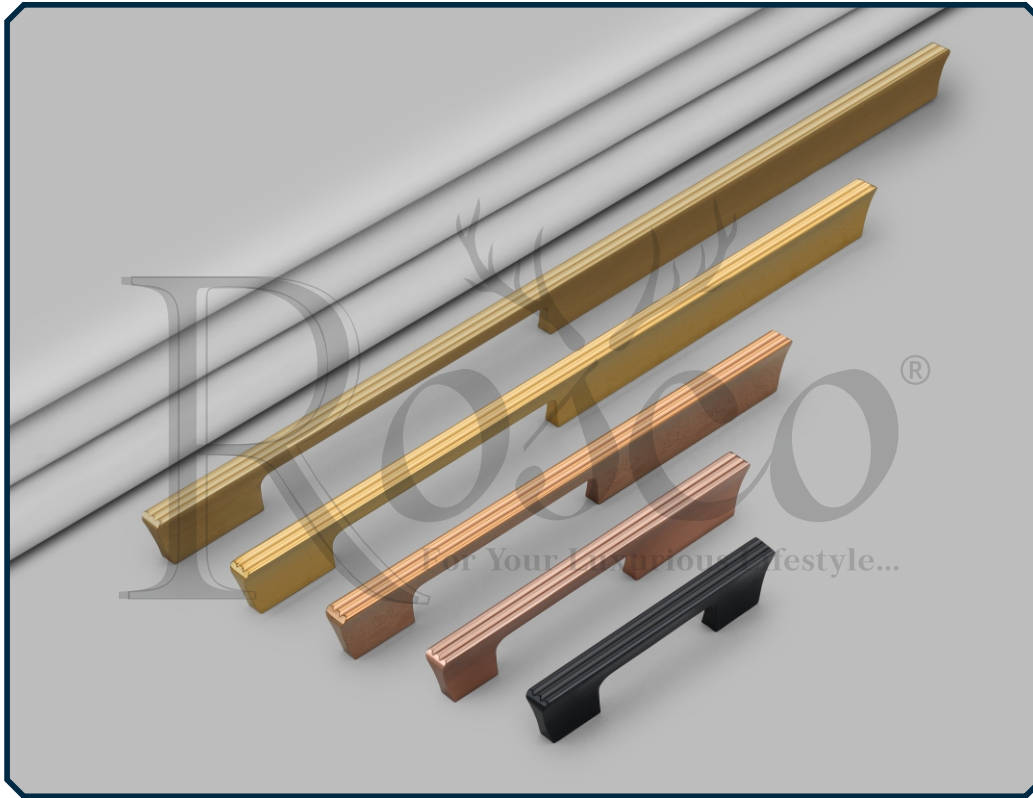

Our Mission

To manufacture world-class interior hardware using superior aluminum and zinc alloys that withstand the test of time. To understand and fulfill the evolving aesthetic and functional needs of modern architects, interior designers, and homeowners. To strengthen our international presence by building transparent, long-term trade relationships with global partners, starting with our strong foundations in Nepal and Bangladesh.
